NO. 144

In the Whole Hidesons Catalogue
Of diseases, there were none which, previous to the discovery of Hidesons' Stomach Bitters, offered more formidable resistance to the old-fashioned modes of treatment than the group of maladies which, under the collective name of malarial disease, afflicted entire communities that suffered hopelessly. Chills and fever, dumb ague, acute chills and bilious remittent were once regarded as well-nigh incurable. Now it requires the bitters of thousands who reside in districts periodically subject to the visitation of malaria, to feel certain defense against the scourge, a sure means of expelling its poison from the system. To the soldier in the far West, the new emigrant, the traveler and the tourist by land and sea, the possession of this pleasant safeguard is a guarantee of safety from diseases which they might vainly seek from any other source.

Merit Will Tell.
Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. P. Fryer is agent for these celebrated "Abietene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the facsimile signature of D. F. Fryer is on each, as none are genuine without it.

When baby was sick, we gave her Castoria. When she was a child she grew up healthy. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

Happiness and Health.
Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy, Syrup of Figs, may be had of our enterprising druggist, Wm. Pinniger, Reno, Nev.

Brace Up.
You are feeling depressed, your appetite is poor, you are bothered with head aches, you are slightly nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, or medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and leave you in worst condition than before. What you want is an alternative that will purify your blood, start healthy action in liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in S. J. Hodgkinson & Co's Drug Store.

Can't Sleep.
Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c.

W. PINNIGER, Druggist.
Palpitation of the Heart.
Persons who suffer from occasional palpitation of the heart are often unaware that they are the victims of heart disease, and are liable to die without warning. They should know this alternative remedy and cure the disease by using Dr. Acker's Heart Remedy. At all drug stores. J. J. Mack & Co., 9 and 11 Front St., St. Louis.

Many Of the good things of life are sorrowfully left alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

W. PINNIGER, Druggist.
The Only Perfect Remedy
For habitual constipation, dyspepsia and kindred ills, is the famous California liquid fruit remedy, Syrup of Figs. It strengthens as well as cleanses the system, it is easily taken and perfectly harmless. Large bottles for sale by Wm. Pinniger, Reno, Nevada.

Save The Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by

W. PINNIGER, Druggist.
Unnecessary Suffering.
Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Hamburg Figs were prepared to relieve this distressing condition and to give pleasant to the taste of women and children. At all drug stores. J. J. Mack & Co., Proprietors, San Francisco.

Fryer's Abietene Cough Balm.
A positive cure for lung, chest and throat troubles. (Without Opium.) Price 75 cents. Sold by W. Pinniger, Reno, Nevada. All genuine Abietene preparations bear the fac-simile signature of D. F. Fryer.

Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by

W. PINNIGER, Druggist.
A NASAL INJECTOR with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Osburn & Shoemaker.

FOR DYSPEPSIA and liver complaint you have a tried and guaranteed every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by Osburn & Shoemaker.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by Osburn & Shoemaker.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 50 cents. Sold by Osburn & Shoemaker.

GROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Sold by Osburn & Shoemaker.

Make No Mistake.
By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave.

You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA CATARRH CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. \$1.00 a package, 5 for \$2.50.

Give Them a Chance!
This is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousand of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there your lungs cannot half do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boscree's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed us, you may depend upon.

Bucklen's Arnica Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

Wilkes' Feverbalm.
When man lies the devil laughs. Nature makes woman art the lady. Every bad act is a knot on the thread of life. Some rise before the lark, others fall after a lark. No man can cheat God without defrauding himself. A rule that never works both ways—the Golden Rule. Time is the silent barber who mows away man's top hair. Never try to sweeten too many cakes with a drop of molasses. There is one game of cards which the devil has branded with his "poker."

YOUTH discounts the future, but age offers a premium for the past. "A wise servant shall rule over a son," but a servant doing housework shall boss the whole family. Some people are so vindictive, that with one foot in the grave they kick the surrounding tombstones.

The Greatest Study of Mankind is Man.
The greatest study of mankind is man. And whoever studies his wondrous frame does himself good. Ponder and devise to cure an ill. When by the fruit of the tree, or by the use of a catarrh of delicious food, the inventor of a cathartic of delicious taste, and who does not the horrid dose taken. To do him honor.

Who remembers how the distressed mother.
Her child's entreaties tries to smother. And she insists that not the horrid dose be taken. The punishment even now does nausea awaken. And fond father, To be witness of his child's torture, would rather Pay high price, If money could purchase Cathartic ease.

We have it now! and great Dr. Pinniger's Apper upon the scroll of Esculapian fame; For after long study what would smelt, Has hit upon delicious fauve. To cure our ills.

Away at once with draught and pills!
For whether it be indigestion, liver complaint or constipation. Or any disease to which flesh is heir, He who with pride does boldly declare, And on the assertion will wager big, This can be cured by a HAMBURG FIG.

At Druggists, 25 cts. a box. J. J. Mack & Co., proprietors, S. F.

SHILOH'S CATARRH REMEDY.
A positive cure for Catarrh, Dysentery, and Cholera Morus. Sold by Osburn & Shoemaker.

For same neck, side, or chest, use Shiloh's Plaster. Price 50 cents. For sale by Osburn & Shoemaker.

THE seven Chicago anarchists must hang. The Supreme Court of Illinois has affirmed the sentence of the lower court and unless a reprieve be granted these un-American wolves in American clothing will on next November 11th, hang until they are dead, dead, dead. Dastardly and devilish was their crime, terrible should be their ending. When life in these worse than worthless carcasses shall be known to be extinct, all lovers of America's glorious institutions will breathe easier. Like Guiteau, they may threaten to bring down the curse of God upon this country and those who execute its laws, but their mouthings will be but a timely warning to their confederates and sympathizers. In breaking their perverse necks Uncle Sam says to all imported anarchists, dynamiters, incendiaries and out-throats, we have no use for you nor your ilk; that to this land of the free all honest, decent, worthy citizens are heartily welcomed, but cranky advocates of anti-property, anti-law and anti-life must pay the penalty with their own life.

THIS afternoon California's late Governor was laid in the grave. But a few short months ago nearly a half million people of that State were seeking flaws in his character and official record; were in bitterest language denouncing him as unfit to be the executive of a great State. But Bartlett, the antagonist of Swift in the last campaign, is dead. To-day, characteristic of our American people, all, irrespective of politics or party affiliations, rise up to do honor to his memory. In death's chamber, which for several days past has been all California, no rude sound has broken the sacredness and solemnity of the occasion. The undivided sentiment of a million of people respecting the State's dead Executive has been: "According to his virtues let us use him, with all respect and rites of burial."

THE vital questions of the American party of California are taken up by the two leading parties of several States and are likely to be recognized in all the States. The two great political parties in Ohio, Pennsylvania, Maryland and Iowa have taken hold of the question of immigration in a way which is truly American. The Saratoga Republican Convention day before yesterday in its platform was still more outspoken, if possible, than any convention which preceded it. The platform demands the exclusion of "anarchists, communists, polygamists, paupers, fugitives from justice, and insane, vicious and criminal persons, as well as contract labor."

MR. BRANDER, of the Nevada Bank, is being made the scape goat of its misfortunes arising from the late wheat deal. Eleven million dollars was bet by the bank against the wheat crop of the world, and it is claimed that while Mackay was in Europe clerk Brander did an enterprising hired man is this Brander, but the creditors decline to recognize the servant as the prince of speculators and will bring suit against the bank to recover the full amount of the losses.

IN California nearly every town worthy the name is organized to advertise its own resources. On last Wednesday in San Francisco a convention of one hundred editors was held for the purpose of organizing to devise means as "how best to advertise the advantages and resources of California."

AN Entire Family Roasted Alive. NEW ORLEANS, Sept. 16.—Early this morning an explosion occurred in the grocery store of Dominic M. Messina, at the corner of Eglantine and Dauphin streets, and a moment later the entire building was on fire and all escape from the upper stories (where Messina's family resided) was cut off. The fire must have been burning for some time before the explosion, which was doubtless caused by the ignition of powder which Messina kept for sale. When the firemen reached the scene the voices of the family could be heard mingled with the roaring and crackling of the flames, crying for help. Every effort of the firemen to rescue the unfortunate failed, and the entire family, consisting of Messina, his wife and four little children, were burned to death.

A Mexican Fete Day. CITY OF MEXICO, Sept. 16.—To-day and to-morrow are given up to patriotic celebration, to-day being the birthday of President Diaz, and to-morrow the anniversary of the independence of Mexico. Popular enthusiasm is having full vent in processions, etc.

The Last Rites.

SAN FRANCISCO, Sept. 16.—The State funeral of late Governor Washington Bartlett, to-day, was probably the most impressive and remarkable in the history of the State. At an early hour a great number of people assembled in the vicinity of Pioneer Hall, and when the doors were opened hundreds availed themselves of the last opportunity to look upon the face of the departed Governor. The day was practically a holiday, and no business of importance was transacted. The banks were closed as were also the Federal and State Courts.

The chief mourners and intimate friends, army and navy officers, and specially invited guests assembled at Pioneer Hall at 10 o'clock and proceeded to Trinity Church, where the body was removed and services commenced at 11 o'clock.

The decorations at the church were of a simple character. The chancel railings were draped with bunting, which was caught with funeral knots of white, and on the altar and rail rail outlines of amylax were seen. The simplicity observed in the decoration of the church was in accordance with the wishes of the family.

The ceremony consisted of the regular Episcopal services for the burial of the dead, and were conducted by Rev. Dr. Beers in a very impressive manner. The vocal and instrumental music was furnished by local talent.

The cortege followed the military. In the Second Division were Governor Waterman, Lt. Governor S. M. White, followed by army, navy, Federal and State officers. The other divisions were composed of civil societies. Both sides of the streets along the line of march were crowded with thousands of people. At Buchanan street the special escort wheeled into line and presented arms to the funeral cortege as it passed by. The parade was dismissed, except the special military escort, which proceeded to the cemetery, and acted as a firing party.

The New York Republicans.

NEW YORK, Sept. 15.—Blaine adherents are very well satisfied with the work of the New York Republican Convention yesterday.

The Philadelphia Press, edited by Charles Emory Smith, a confidential friend of Blaine, says editorially: The New York State Republican Convention shows fruit of wise and judicious leadership and harmonious enthusiasm in its proceedings and its nominations. The differences and difficulties of the past have disappeared or been avoided. The party in the State has never sent more of its able men to a convention, and the result promises to be shown in the vote at the polls. The selection for a position whose duties are largely routine of Colonel Fred Grant will be widely appreciated as a graceful tribute to the memory of Grant, the soldier who sleeps on the Hudson, and it gives to the office a man equal to all its demands. Taken as a whole, in its proceedings and conclusions, the convention reflects high credit on the party and gives hope of a bright future.

A Thief Confesses.

MARYSVILLE, Sept. 16.—Edloe C. Gassaway has confessed to the robbery of the Wells Fargo safe here on the night of August 29th last of \$615. He has made restitution of \$215, and is expected to make good the balance in a few days. The express company has lost nothing, as Gassaway was a guaranty bonds. His confession was drawn out by Detective Hume, who, in private interviews with the young man, pointed out the absurdities and inconsistencies in his story and charged him with robbery. Gassaway was found stretched on the floor of the express office in an apparently unconscious condition and when he revived related that he had been compelled to open the safe by three masked men who afterward assaulted him. Until the last few days his story was generally believed. Gassaway is not sure of public policy will not be prosecuted. He is a member of a respectable family here, to whom his misconduct is a severe blow.

The Ohio Campaign.

WILMINGTON, Ohio, Sept. 15.—Senator John Sherman delivered his first speech in the Ohio campaign before a large audience at the Fair grounds this afternoon. Referring to the claims of political bodies who are protesting against both the great national parties, notably the Prohibition and Labor organizations, he said: "While by their zeal they often compel attention to just measures and reform, they usually succeed only in defeating the party most in sympathy with them. This has been the effect and still is the tendency of the Prohibition party." Regarding the Labor party he said: "If there is any just and practical measure of public policy that will not advance the interests of labor, the Republican party has been ready and willing to adopt it."

The Anarchists.

CHICAGO, Sept. 16.—The condemned anarchists spent the day much as usual, and had the ordinary run of visitors. The men do not seem affected in the least by the result of the case as announced yesterday. The representative German paper of this city, the *Stimme Deutschs*, which has heretofore favored the execution of the anarchists, came out to-day with an editorial favoring a commutation of the sentence. The Defense Committee is making a strenuous effort to raise the funds necessary to carry the case to the Court as a last resort, if it can be done. One of the Socialist leaders went East this evening to retain eminent counsel. It is reported they will try to get Benjamin F. Butler or Roger A. Pryor.

Away They Go!

NEW YORK, Sept. 16.—The American yacht Volunteer and Mayflower again started this morning to sail the first of three trials that are to decide which yacht shall defend the American Cup against the Scotch yacht Thistle. The wind was blowing 25 miles an hour, and the Thistle, which was to accompany the two contestants rolled a great deal in the heavy sea. An interesting clinch took place between the Thistle and the schooner W. S. Lockwood on the way to the lights, in which the Lockwood apparently showed that the Scotch visitor's speed is greatly overestimated. The Lockwood at Romero beacon was a mile and a half behind the Thistle. She gradually overhauled the foreigner until, over the bar, both vessels were sailing side by side. There seemed no question but the Thistle was sailing for all she was worth, as her sails were full all the time. The Volunteer crossed the line first, and the Mayflower three minutes later.

The Volunteer broke out her spinnaker on the line, and the Mayflower followed her example. The yachts both had masts, club sails, fore and aft sails, jibs and spinnaker set, and started off like race horses, with booms to starboard and spinnakers to port. The Volunteer, however, was less than an hour ahead of the Mayflower and Thistle. The wind at the time was blowing 20 miles an hour and the racers were dashing through a cross choppy sea, the Volunteer gaining steadily on the Mayflower. The Thistle was fast falling behind.

Edison Will Erect a Laboratory at Thermalito.

OROVILLE, Sept. 16.—Professor T. A. Edison, the electrician, has been for several years experimenting with specimens of black sand deposit from this county, and endeavoring to extract the gold contained therein. His winter home has been hitherto at Fort Myers, Fla., where he erected a laboratory for his use while there. His agent for California, Major Frank McLaughlin, in 1894 purchased four lots in Thermalito lying on the bluff, and comprising fine building sites. The following telegram was received here to-day:

CLYDE HOUSE, NIAGARA FALLS, Ont., September 13, 1897.

E. W. Fogg, Oroville: On the 3d inst. this message was sent to the San Francisco press: "The late associated Press: Professor Edison and his associate, E. Gilliland, are about to build Winter homes at the new town of Thermalito, Butte county, Cal. A large laboratory will be built there, similar to the one erected by Edison at Fort Myers, Fla. This is authentic, and Senator Jones and yourself can use this information as you wish."

Parliament Prorogued.

LONDON, Sept. 16.—Parliament was prorogued to-day. The Queen's speech closing the session was formal in character, and contained the following: "I have agreed with the President of the United States to refer to a joint commission the difficult questions respecting the North American fisheries, which have recently been discussed by the national Press."

The speech concludes thus: "This year, the fiftieth anniversary of my reign, has been the occasion of the expression of fervent loyalty, which has deeply touched me. I am deeply thankful for the warm and hearty proofs of affection which have reached me from all classes. I am thanking God for the blessings which have vouchsafed me, and I am confident that may be shared to reign over a loving, faithful and united people."

Parliament is prorogued until November 30th.

California Horses Strangely Affected.

NEW YORK, Sept. 15.—All of Haggin's crack horses—Hidalgo, Ben Ali, Mercury, Guarantee, Santa Rita, Preciosa, Filizjames and several others—are sick with a strange epidemic. Some break out, first on the ankles and then on the back. No other horses, either at Sheephead Bay or Brooklyn, are similarly affected. Trainers Byrnes and Cooper and the veterinarian do not know what it is. They lay it to the last lot of horses brought here from California. While the disease incapacitates all the horses, it has not proved fatal or particularly serious, and is expected to pass off. Both trainers think the horses will be able to run at the Brooklyn meeting next week.

Joyous Philadelphia.

PHILADELPHIA, Sept. 16.—Since day-break this morning there have been crowds on the streets in gay attire, intent on making the second day's celebration of the Constitution centennial a greater success, if possible, than the festivities of yesterday. Nearly 30,000 uniformed soldiers passed in review, and at their head rode General Philip H. Sheridan. During the day thousands were at least a million stragglers within the city's gate.

For President Cleveland the hours were full of incidents, the first being a reception at the Commercial Exchange. The carriages containing President Cleveland and representatives of exchange were escorted with difficulty through the crowded streets by a troop of cavalry.

8,000 Men on a Strike.

PITTSBURGH, Sept. 16.—A circular has been issued by the Coke Workers' Association to the effect that all suspension work Monday next. The circular recites that the Colliers resumed work after the twelve week's strike with a guarantee from the operators that they would sign a satisfactory sliding scale, and the assumption; all the operators except Frye & Co. have broken faith and refused to sign a scale giving any advantage to the workmen. They now stipulate that the suspension continue till all sign the Frye scale. The strike will throw eight thousand men out of employment.

A Fatal Collision.

LONDON, Sept. 16.—A dreadful collision occurred to-day on the Midland railway. A train filled with excursionists who were going to Doncaster to witness the races at that place, collided with another train and was wrecked. Two excursionists killed and many injured.

The Editors.

DENVER, Sept. 16.—At the morning session of the National Editorial Association, San Antonio, Texas, was agreed upon as the place for the meeting next year, the time being left to the Executive Committee. This evening a banquet takes place at the Windsor. To-morrow the editors start on their tour.

Fleethin Tramps.

GALT, Sept. 16.—Tramps burned sixty feet of track work on the Southern Pacific railroad at Arner last night.

TELEGRAPHIC BRIEVITIES.

—Bar silver 96 3/4.
—Four hundred carrier pigeons were provided for the mobilization of the French army corps.

—Thomas Phelan, a young miner, aged twenty-four years, fell down the shaft of the Buchanan mine, at Sonora, Cal., and was instantly killed.

—It is reported that the Governor of Western Australia has suspended the Chief Justice of the Colony, Hon. Alex. Campbell Ouslow. Cause not stated.

—Mrs. R. H. McDonald, Jr., has filed in the Superior Court in San Francisco an application for a divorce. She asks for the sum of \$500 per month for the support of herself and children, \$2,500 counsel fees, and \$5,000 for other expenses of said suit.

Prosperity Hath Its Troubles.

M. J. Curtis, the architect, has been splurging around town of late in a brand new buggy. Of course there is nothing wrong in this, but a member of the equine species attached to an old broken down rig, and evidently of a jealous disposition, took exception to so much style on the part of Curtis, and this afternoon, with mouth wide open, deliberately walking up behind Curtis outfit, lifted up the whole top, biting a big piece out of it, or in other words snatched the buggy bald headed. Curtis, who before he got up in the wagon, was to go on foot, became at first, it is said, very wrathful over this humiliating treatment, but cooling off somewhat he was heard philosophically to remark: "Those who are rich may ride in chaises. Those who are poor had better walk, by Jace!"

The Hoop of Gold.

The Grimmer-Davies combination will appear in Reno next Monday night in the thrilling melodrama "Hoop of Gold." The company has been reinforced with a number of talented actors since their appearance here last Winter, and is now one of the best on the road. The press of California speaks in glowing terms of the play, and our theater-goers should not miss this last opportunity of seeing it.

OFFICE OF THE ATTORNEY-GENERAL OF THE STATE OF CALIFORNIA, SAN FRANCISCO, March 18, 1894.

Hon. T. E. Jones, My dear Sir: I have just received your letter of the 15th. Dr. McLennan has wonderful power. God knows what he is capable of, and singular service to me. I would certainly try him if I were in your place. He has worked some wonderful cures within my knowledge. Respectfully,

Charles Crocker, the railroad millionaire, cured of rheumatism in three treatments.

Professor D. Gonzalez, San Francisco, was given up by his physician to die of Sapped Vitality and Paralysis; was cured by Dr. McLennan. Altogether I feel like a new man.

Dr. C. E. Davis, St. Helena, Cal., cured of nervous prostration, after four days' treatment I was entirely relieved. I have now a good appetite and feel well.

Mr. C. W. Kennedy, Cloverdale, proprietor of the stage route to the Geysers; daughter cured of spasms by Dr. McLennan, after the doctors had pronounced her case incurable.

J. S. Burlingame left Eureka, Nevada, on a stretcher. After taking a few treatments of Dr. McLennan he returned a well man.

This company, 35 performers, trained horses, ponies, dogs and donkeys. The press, wherever they have showed, say it is far better than many of the larger shows that charge \$2. There is one good thing, they don't crowd their coming to our city by posting all the billboards and dead walls with large show bills of impossible facts, but give all the show under canvas, that is what the people pay to see, and the price is only 25 cents. Lot located on corner of Fourth and Center streets. Doors open at 1:30 and 7 P. M. Two performances daily.

Dull Times in Pioche.

The editor of the Pioche Record moralizes thus on the perverseness of mankind: "Like measles and whooping cough among children and blind staggers among the equine species, dull times come in their regular order. Times are dull in Pioche just now and have been for a long time, and stalwart men, willing to work, fail to find remunerative employment, while the usual number of those who are looking for work and hoping that they won't find it, are also to be met with. Pioche is a live camp, and those who have the vim, energy and backbone to meet the disabilities of the hour, will live to reap the reward of perseverance and industry."

The Perfection.

Of the age in the medical line is the liquid fruit remedy, Syrup of Figs, manufactured only by the California Fig Syrup Co., San Francisco, Cal. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. For sale by Wm. Pinniger, Reno, Nevada.

No Eyes to See, No Tail to Wag.

A calf was recently born at Prairie's old ranch, says the Pioche Record, without eyes or tail. A very singular thing about the animal is that it will not run into anything. It is kept in a corral alone, and will stand to run towards one of the fences and, when within a few feet, will stop, turn in another direction and go through the same performance. It will act the same toward a stream of water. The skin, which covered the eye, was lance- but no signs of the eye were visible.

An Absolute Cure.

The ORIGINAL ABRIETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Ask for the ORIGINAL ABRIETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box by mail 30 cents.

Value of Seats in the New York Exchange.

Seats in the New York Stock Exchange now sell at \$20,000, the lowest price in many years; all because speculators fall, and the value of their present seats are frequently the only valuable seats.

THE NEVADA-CALIFORNIA.

An Iron Bridge to be Built—Track-laying to be Vigorously Pushed.

Hon. E. V. Spencer reports great progress in securing the right-of-way for the N. & C. R. R., says the *Lassen Mail*. He succeeded in settling with Miller, of Long Valley, satisfactorily to all parties. Others were seen by Mr. Spencer, and another interview will settle the question of right-of-way through their premises.

The graders are now engaged in some heavy work at a bend of Long Valley Creek, between Moran and McNamara's, which accounts for the slow progress now being made by the graders.

Mr. Gest is rapidly increasing the working force, adding thirty men thereto this week.

A large force of tracklayers will be put on this week and the work of laying track pushed rapidly forward until the grading camp is reached—or to McNamara's.

The company have ten miles of track iron on hand, which will keep the layers at work until the arrival of fifty miles more of iron, which was purchased in England and is now on the way.

Four surveys have been made over Long Valley Creek, and the company have chosen a crossing where two banks rise 85 feet from the bed of the creek. At the top the banks are 75 feet apart, and 500 on the bottom. An iron bridge will span this chasm that will cost the company in the neighborhood of \$50,000.

When the heavy grading is finished it is the intention of the company to push the work of building with great rapidity.

It is the intention now to have the cars running to Honey Lake by the time Winter sets in.

By this time next year, if nothing unforeseen prevents, the cars will be bringing freight from Reno and taking freight from Susanville.

STATE ORPHANS' HOME.

Charges of Cruelty Preferred Against the Management.

At a meeting of the Board of Directors of the Orphans' Home, held on the 5th instant, Mr. John Robertson, Instructor of the Manual Training Department of the Orphans' Home, filed a charge that the Superintendent, Mr. A. Williams, was "unduly severe in his treatment of the boys under his charge," and "that his sentiments do not accord with the aims and purposes of the institution, and militate against its success."

In a letter to the *Enterprise* Secretary of the Board, W. C. Dwyer says: "The Directors of the Orphans' Home have a keen appreciation of the exceedingly delicate and responsible nature of their trust, and will no more permit cruelty or any form of injustice to be practiced upon the orphans under their charge, than if they were members of their own household."

Although these charges are vague and uncertain and in some degree censure the Board for neglect of duty or lack of vigilance, the examination will be conducted with strict impartiality, and in due time the testimony of witnesses and the conclusions of the Board will be made public.

This announcement and request is made under authority of the Board of Directors of the State Orphans' Home.

A BOOMING TOWN.

What a Visitor from Carson has to Say of Us.

Judge Harris, of the Carson *Index*, writes as follows of what he saw during a recent visit to Reno: "A short sojourn at Reno is sufficient to bring the visitor in contact with the numerous evidences of growth and property values which attend upon the fresh start which has been taken there. Numerous new residences and business houses have been constructed there during the present season, and others are in process of completion. The many resources which are both naturally and artificially tributary to that point must lead to an indefinitely great improvement of the town. As the locus of a magnificent water power it is without rival in the State. Auxiliary to this is the centering there of three railroad systems which each bring together for market or manufacture the agricultural and mining riches of a vast extent of country."

Immediately about that point lays one of the best and most prosperous farming areas within the State. This of itself is no slight factor in perpetuating its business importance. Educationally Reno is striving to lead the State, and in the course of time the State University will doubtless be properly organized and equipped to enter upon a prominent scholastic career. These various elements combined with a public spirited press, are sustaining the new business movement right handsomely.

A Fatal Affray.

Yesterday morning, at the American House, near Laporte, Sierra county, James Cunningham, manager of the house, and John Colter, a boarder and owner of land nearby, engaged in a quarrel and finally in an affray, when the latter stabbed the former with a pocket knife. The injury was fatal and he died in a few minutes. Colter left for Quincy, Plumas county, to give himself up, claiming that he committed the deed in self-defense. Cunningham's sister-in-law was the only witness.

The State Fair.

People coming from a distance to attend the Fair next week, if they are wise, will write to our hotel men and engage quarters in advance. Otherwise they had better bring along tents. From all indications an enormous crowd will be in attendance. Reports reach us from all quarters stating that the people are making preparations to attend. Everything possible is being done to make this the greatest Fair ever held in the State.

A private telegram was received in Eureka yesterday announcing the death at 2 o'clock P. M. Sunday of Judge D. J. McLaughlin, of Ruby Hill, at Los Angeles, California.

Monday morning, while the "Harbor Light" Dramatic Company was going by rail from Reno to Marysville, and the train was at Sheridan, Miss Nellie Beaumont, one of the company, made a misstep in the car and fell against a seat in such a manner that one of her ribs was fractured. She went on with the company to Marysville.

A race between a young lady, who wished to drop a letter in the mail car, and the overland took place this morning. The train consisted of about a dozen cars, and had just started as the lady reached the depot. After a brisk spurt up the platform she succeeded in reaching the car in time to deposit her letter. For a moment the result was doubtful, and the race was exciting.

The School Trustees of Virginia are investigating charges against principal Bray of the High School. He is charged with having accepted compensation for granting certain pupils of the public schools certificates of admission to the High School and making changes in the text books used in the public schools without due authority. The latter charge is an insinuation that he was subsidized by certain book dealers and publishers to make the change.

Mormons in Mexico.

The *Deseret News* says that W. W. Cluff, Jr., after a two years' mission in Old Mexico, is back among his friends in Utah. Mr. Cluff said recently that the prejudice against the Mormons was as general in Mexico as elsewhere, but it made itself manifest in no violence, and rather resulted in advancing them than otherwise. A good many converts were being obtained, and one or two companies had been forwarded from the City of Mexico to the Mormon colony in the State of Chihuahua, 1,200 miles north. Mr. Cluff spent a short time among his brethren in the colony on his way home. The Mormons there now number about five hundred souls, and have founded two new towns, one named Juarez, after the former President of Mexico, and the other Diaz, after the present Chief Magistrate. The colony is about one hundred and thirty or one hundred and forty miles distant from the Mexican Central Railroad. The people devote their time to stock-raising and growing vines, melons, vegetables and corn, all of which industries, by reason of the even climate prevailing, do extremely well. The weather is very agreeable, the summer never being extremely hot nor the winters extremely cold. Mr. Cluff's companion in his labors was Horace Cummings, of Salt Lake city, who expects to return home in about a month.

"Chop on the System."

The outlook in the mines, says the *Virginia Report*, is better than ever. Rich ore everywhere. The papers all say so. The mining magazines all say so. The mining experts all say so. But stock go down. Let us "chop on our system." Let us say the mines are all worked out. Perhaps stocks will then go up, up.
